

Product Specialists

Attractive Salary+ Bonus+ Comprehensive Benefits Package

Systemx UK Ltd, a leading supplier of haematology and haemostasis products in both primary and secondary care, are pleased to offer **three** new positions within our Product Department.

- **Product Specialist** (Office based)
- **Product Specialist IT** (Field/Office based)
- **Product Specialist Haemostasis** (Field/Office based)
- **Team Leader — Haemostasis** (Field/Office based)

We are looking for candidates who have a warm, personable approach, who are diligent and progressive thinking and are willing to take on a new challenge. Candidates need to be well organised and happy to manage their own diary on a day-to-day basis in conjunction with their colleagues.

Successful candidates will have a laboratory background, with haematology and/or coagulation experience, be IT literate and have a good basic knowledge of Microsoft Office packages. Knowledge/experience of Sysmex analysers will be of benefit but is not essential as full training will be given.

The Office based position will be situated at Sysmex UK Ltd headquarters in Milton Keynes. Field/Office based roles will require extensive travel throughout the UK and Ireland therefore a driving licence is a prerequisite.

If you would like the opportunity to join Sysmex during this exciting time of growth and expansion, please send your CV stating current salary. Please also include a letter outlining what you feel you can bring to the Sysmex team, to the Human Resources Department at the following email or postal address.
